

# IT'S AS EASY AS TAKING A PICTURE!

**INTRODUCING IN-SIGHT—AN EYE-OPENING ADVANCEMENT IN SHAPE CAPTURE TECHNOLOGY.**

At PRM, we're taking shape capture technology to an entirely unprecedented level.

The fast and flexible In-Sight digitizing system enables you to effectively capture the unique contours of your

clients' bodies in exact  $\frac{1}{4}$  inch increments. With just one click, In-Sight takes a precise, digital snapshot from a seating simulator. Eliminating the need for messy plaster casts or time-consuming foam molds.

Faster, easier-to-use and more accurate than traditional methods, In-Sight also gives you the ability to create superior-quality, better-fitting customized molds in a fraction of the time.

The future of shape capture technology is here. Only from PRM.
